Information Disclosure Statement Dated February 13, 2007
Attorney Docket No. 4020-045767

International Publication No. WO 00/39212 and German Patent No. DE 100 18 936 A1. Copies of the IPER and ISR are enclosed.

In the IPER, the PCT Examiner has concluded that claims 1-16 meet the international standards of patentability. In particular, the Examiner states that:

“...none of the prior art contains a hint of an aqueous binder composition and said prior art points away from the present invention being concerned with high-molecular polymers having increased water resistance (D1) or being not water-soluble (D2).”

Therefore, the prior art references cited in the IPER do not teach or suggest the present invention as set forth in claims 1-16.

Since this Information Disclosure Statement is being submitted before the mailing date of a first Office Action on the merits, it is timely under 37 C.F.R. §1.97(b)(3) and no fee is required. The Commissioner of Patents and Trademarks is hereby authorized to charge any additional fees which may be required to Deposit Account No. 23-0650. One (1) original and one (1) copy of this Information Disclosure Statement are enclosed.

Respectfully submitted,
